STEPS School of Dance and Performing Arts is committed to helping provide students with opportunities to experience and learn about dance and the Arts. The Arts for All Program Girl Scout Patch is designed to continue with the tradition of "helping today's girls become tomorrow's leaders" by providing meaningful educational experiences that contribute to the cultural development of students. It also seeks to develop and educate these students to be part of the dance and theater audience of the future. STEPS seeks to honor the core goals of the Girl Scout Program by:

- **Encouraging girls to develop to their full potential.**
- **Showing girls how to relate to others with increasing understanding, skill, and respect.**
- **Helping girls to develop a meaningful set of values to guide their actions and to provide for sound decision-making.**
- **Contributing to the improvement of society.**  
Children who have access to the Arts have been shown to have a much lower dropout rate in school and an increase in self-esteem.

By participating in the Arts for All program, students will learn the importance of personal responsibility, the value of goal-setting, the spirit of teamwork, and the thrill of accomplishment by:

- Actively participating in a lecture/demonstration dance class
- Having the opportunity to meet dance students and teachers
- Experiencing a live tour of the dance studios
- Receiving further educational resources on dance and theater
- Receiving your Dance Patch
